KKRFV Qualifying POLE BENDING RACES

***The arena rules, conduct, social media, equipment rules, use of horses, etc. for barrel racing are the **same** for pole bending. The only differences are the Event Rules and one AGE group for Pole Bending. ***

This is not a divisional race. It is a straight payout.

The first pole is to be 21 feet from the starting line of the electric timer, and the 6 poles will be 21 feet apart. Poles will be staked or marked in some fashion i.e., powder, stakes, lasers, have official pole bases, and PVC pipe for the poles.

There will be a drag for every 5 runners. A knocked pole is a 5 second penalty. This is a pole that has completely fallen on the ground and remains there.

The rider can go either left or right, run down to the end pole farthest from the timer, turn, then weave through the 6 poles, keeping forward motion, turn the sixth pole and weave back through, running back to the timer, after turning the farthest pole from the timer. A rider can touch and rock poles. In the event of a Pole that finishes falling after the rider has crossed the finish line and results in the course having to be reset, it will result in a plus 5.

If a timer malfunction occurs and rider takes a re-run and the rider had a penalty when the timer malfunctioned, the penalty will not carry forward. If the rider has a penalty on the re-run, they must take the time/penalty.

If the ground needs to be reworked, re-runs are given at the judge's discretion. This does not include horse equipment malfunction, falling off or breaking the pattern.

There is a \$20 hat fine for losing a hat during a run. Hat fines go to the announced charity. No check/payout will be paid until the hat fine is collected by the host producer or KK Productions.

There is a 1-minute gate time once your name is called. The horse and rider must be checked in with the gate judge. If the 1 minute is exceeded, the rider will be disqualified.

A rider will get 3 gate calls. After the 3rd gate call, the rider will be considered not present and will be noted as a turn-out. A re-run will not be awarded. If the rider misses their gate call, there will be no refund of entry money.

Riders must check in at the gate and be in the holding area, by the drag prior to your run.

Automatic disqualification if you run out of order. (Unless it is a staff mistake)

Parents/helpers may not cross the plane of the alley into the arena, or the rider will be disqualified.

A horse cannot be ridden more than once or by multiple riders in a qualifying race. A rider may enter more than once in a single race, on different horses.

Junior World Finals Barrel Race Qualification

Be in the top 2 at a qualifying race in your age group **or** qualify by points accumulated from sanctioned qualifying races throughout the season (begins November 15th of year prior and ends November 15th of current year).

Each competitor can only qualify for one spot in the Junior World Finals. Points and qualification spots are based on the rider. It does not matter which horse you ride. Each rider can only qualify to ride in one (1) spot at the semi-finals in Las Vegas. If you have entered more than one horse at a race, only the fastest time (regardless of which horse was ridden) will be counted for points/qualification.

In the event a rider qualifies on 2 or more horses for the Junior World Finals, the rider will only get one spot. The next rider (in order of placing within that age group) will advance.

How to Qualify for the Junior World Finals

1. Be in the top 2 at a sanctioned race.

OR

2. Top 10 in KKRFV Point standings.

- The top 10-point earners from all KKRFV qualifier races across the country in your age group will earn a qualification to the Semi-Finals for the Junior World Finals Barrel Race in Las Vegas, Nevada in December.

The top 10-pole bending point earners (that have not already qualified for the semi-finals) will advance to the Junior World Finals.

We will only count points on those not qualified already.

It is a 10-point system accumulated from all the sanctioned races.

First Place	-	10 Points
Second Place	-	9 Points
Third Place	-	8 Points
Fourth Place	-	7 Points
Fifth Place	-	6 Points
Sixth Place	-	5 Points
Seventh Place	-	4 Points
Eighth Place	-	3 Points
Ninth Place	-	2 Points
Tenth Place	-	1 Point

Example: Mary Johnson won 1st and 2nd in the qualifier. She will advance in one spot and the rider that placed 3rd will move up and advance to the Junior World Finals. The rider placing 4th will receive 10 points, 5th receives 9 points, and so on. A contestant cannot earn multiple sets of points per race.

Junior World Finals Pole Bending

Junior World Finals Pole Bending will be 2 go-rounds with a Short-Go. The top 15 fastest averages (aggregate) will qualify for the Short-Go. The payout will be a straight rodeo payout each round, the Short-go and the average (aggregate). The average (aggregate) out of all three runs, will determine the Champion Pole Bender.

In the event of a tie for the championship for the fastest average time of the Junior World Finals, it will be awarded to the person with the most money earned. If there is a tie for the most money earned, it will go to the person with the highest placing in the short go. If also is tied, it will go to the person with the highest placing from the 1st go. If needed, we would do the same reviewing the 2nd go.

KKRFV Junior World Finals entries - In the event a contestant is unable to attend the Junior World Finals, he/she can request a refund. Once a refund is submitted and approved by KK Productions, the contestant will not be eligible to compete in the Junior World Finals. Refunds are not able to be revoked.
